

*May the peace and hope of  
Christ's birth  
be with you now and in the days ahead...*

December 5, 2020

To Our Generous Donors and Supporters,

What a year 2020 has been! We are blessed to have our community's support in the work that is being done at Path. This year has brought unexpected turmoil to families in our community, and we know there is long lasting pain and consequences to many who feel overwhelmed by the world around us. In the midst of this turmoil, God has shown His glory and love in ways we could not have imagined.

We want to take this opportunity to thank each and every one of you for your partnership and support as we reach into our community and seek out those in need of hope and healing. Your valuable resources, prayers, and volunteerism have helped us serve many families, and minister to those who are facing difficult decisions in extraordinary circumstances. All who come through our doors are seeking refuge and support for emotional and physical upheaval in their lives. It is our primary goal at Path Pregnancy Clinic to offer services that will help women understand how much God loves each of them, and the options that are available for them to gain the support they need through pregnancy, childbirth, and raising a family.

Your generous donations during 2020 have allowed us to provide services to those in need. The past several months have been a challenging time in the history of Path. With our three person staff and our amazing volunteers, we have continued to provide our services in a safe, clean, and supportive environment. Because of these services, expectant moms have the privilege of seeing their baby's heartbeat and image on ultrasound. This is a service that can only be provided in person. It is also one of the primary reasons that moms choose to continue a pregnancy when they are scared and unsure of what the future holds.

In addition to remaining open during the past several months, we have been blessed with support through grants to develop and offer our parent education and child birth classes.

1327 West Beacon Street, Boise, ID 83706 • (208)384-9504 • [info@pathpreg.org](mailto:info@pathpreg.org)

This has been a primary goal for Path since its inception. We are excited to see this wonderful opportunity for new parents to grow and develop.

As we close out 2020, it is our goal to give grateful and heartfelt thanks to our current partners for their financial support and to ask for your continued support in 2021. We know that this year has taken its toll. To all of you that gave generously in 2020 to support this ministry, we know it is only by the grace of God and your willing hearts that we have been able to maintain our clinic and services during these unprecedented times.

If you are a monthly donor, thank you, we could not accomplish this work without you. If you have been a donor at any time in 2020, thank you, you have made it possible to grow our ministry and provide additional services. The need is still great, there are more and more families reaching out to us for services, prayer, healing, counseling, and hope. We know that our hope comes from God and we are privileged to have the opportunity to share our hope with others who may be feeling lost and helpless.

If you are seeking a place where you can make a difference in our community, please consider Path for a monthly donation or one-time gift. If you are unable to give financial support, we ask you to sign-up for our email and newsletter list to become a prayer partner. Join us in prayer for moms and babies in our community to find the services and support they need to bring God's children into the world. If you would like to join us, contact us today at [opsmgr@pathpreg.org](mailto:opsmgr@pathpreg.org) to let us know how you might like to partner with us in the future, just to say hello, pray with us, or ask about upcoming opportunities to volunteer.

May God Bless each and every one of you in extraordinary ways in the coming year.

Thank you from the bottom of our full and grateful hearts,

Joshua Cramer, Board President & the Path Pregnancy Team
